**25 60 00**

**BASIC First Aid Kit**

- Airbus cross fleet approval
- Boeing basic approval
- ETSO Approval under technical specification TS 40.400/2TS
  
- In compliance with EASA AIR-OPS
- In compliance with FAR-121, subpart X
- In compliance with ICAO, part I

Anticipated shelf life is 18 months, which may be reduced down to 12 months due to the availability of medicine production lots. Latches can be sealed by tie-wraps, plombs or lockers.

The first aid kit PNR 6240-37 has been strictly assembled to the statutory requirements of EASA AIR-OPS. In addition the kits cover FAR 121, subpart X and ICAO, part I as well. It represents the classical standard equipment. The contents of first aid kit PNR 6240-48 is reduced for FAR-121 requirements only. The kits are manufactured of aluminum sheets (coated in grey) and aluminum sections.

The bracket PNR 6240-01-001 allows installation of the kit at any location. The bracket has been tested in our approved testing facilities for use in all directions (9g).
